WEEKLY STATUS REPORT: MAY 19, 2009 STATEWIDE SPECIAL ELECTION

The following report is provided for the purpose of informing the Board of the ongoing preparations for the May 19th Statewide Special Election called by California Governor Arnold Schwarzenegger on February 20, 2009. This is the first of four weekly reports my department will provide, leading up to Election Day, in an effort to keep you and the public informed of our activities and preparations.

Background

On February 20, 2009 Governor Arnold Schwarzenegger called for a statewide special election. The election was scheduled for Tuesday, May 19, 2009 and six statewide measures were placed on the ballot. This presented the County with the task of preparing, coordinating, and conducting a statewide special election under a shortened election calendar—88 days¹.

Subsequently, on March 10, 2009 the Governor issued a second proclamation calling for the 32nd Congressional District Special Election to fill the vacancy created by the appointment of Congresswoman Hilda Solis as the United States Secretary of Labor. This resulted in the consolidation of the district's Special Primary Election with the May 19, 2009 Special Statewide Election. Since that time, several other elections have been consolidated with the Special Statewide Election (See "List of Contests" section).

¹ Typically, a minimum of 120 days for preparation and coordination is provided in advance of an election.

While not the specific focus of this report, currently the department is working on a number of stand alone special elections as well. Several other special elections have also been scheduled throughout the summer, following the May 19th Special Statewide Election, including the 32nd Congressional District Special General Election to be held July 14, 2009.

Arcadia Unified School District Election	April 21, 2009
San Marino Unified School District Special Parcel Tax Election*	May 5, 2009
South Pasadena Unified School District Special Parcel Tax Election*	June 16, 2009
Palos Verdes Peninsula Unified School District Special Parcel Tax Election*	June 23, 2009
Unified School District Special Parcel Tax Election* (Rowland Unified and La Canada Unified)	June 30, 2009
32nd Congressional District Special General Election (<i>if necessary</i>)	July 14, 2009

The compressed timeline for the Special Election has presented significant challenges. Candidate Filing Deadlines and the Ballot Designation Public Review Period also presented a challenge that required nearly precise timing and a high level of coordination between our department and our printing vendor, in order to ensure that Sample Ballots and vote recorder pages are printed and mailed on time.

Status of Vote by Mail and Overseas Voting

As of the date of this report staff has performed with deliberate speed and diligence to prepare for the mailing of Vote by Mail ballots, scheduled to begin on April 20th (29 days prior to Election Day). Already, staff has prepared 248,915 Vote by Mail packages, in large part to ensure early mailing of ballots to Permanent Vote by Mail Voters. In addition, an initial 4,404 Vote by Mail ballots were mailed to Military voters on April 10th. The mailing of ballots to members of our military will continue on a daily basis until the mailing deadline. We are preparing to mail ballots to approximately 207 Overseas Voters (OVS) in the voter file, who are eligible to vote in the 32nd Congressional District Election.

Sample Ballot Mailings

Mailing of the Official Sample Ballot booklets began yesterday April 13, 2009. For this initial mailing, 200,000 Official Sample Ballots were delivered to the United States Postal Service yesterday afternoon.

The election calendar for the 32nd Congressional District Special Primary Election had presented some special circumstances that required us to periodically delay the printing of materials for voters in the district, until a certified list of candidates was issued by the Secretary of State. The certified list of candidates has been issued and production of the sample ballots is underway.

Poll Worker Training and Recruitment/Polling Place Recruitment

Despite the shortened election calendar, staff has been working tirelessly to recruit the necessary polling places and poll workers to successfully execute the election.

Polling Places:

As of Monday, April 13th we have confirmed more than 99% of the 3,057 polling places needed for the election. It is important to note that polling places in some parts of the County have changed for the May 19th election. Polling place changes are due to two critical factors. First, a number of polling places recruited by the City of Los Angeles for it's Municipal Primary Election were either: 1) not willing to make the facility available, in large part because of the lower allowable compensation the county allocates to polling places compared to the City of Los Angeles; 2) a number of polling place facilities could not accommodate our needs. Second, special precinct consolidation in some areas of the county required that we identify more central polling place locations for the voters in these voting precincts. Parking and accessibility are the primary factors we consider in evaluating and selecting polling places.

To ensure that voters affected by any polling place changes are aware of these changes, we will be notifying them via an automated (robocall) message that will inform the household that their polling place may have changed and instruct them to check

their sample ballot, look up their polling place online at www.lavote.net, or call the RR/CC.

Poll Workers:

This election will require at least 15,285 individuals to serve as poll workers. As of this Monday 6,904 (45%) of poll workers needed have been recruited. Pollworker recruitment will continue until the required number has been confirmed.

Special Update: Vote by Mail

In an effort to account for the limited number of district level contests on the May 19th Ballot and the expected low voter turnout, a greater number of registered voters have been assigned to Declared Vote by Mail Precincts (VBM Precinct). In total, this election will have 503 VMB precincts, a total of 26,190 Registered Voters (excluding Permanent Absentee Voters).

Voting Precincts are declared Vote by Mail when fewer than 250 voters are assigned to a voting precinct. This election, the department applied two different voter limits for precincts. Within the City of Los Angeles, 32nd Congressional District, 26th State Senate District, a per precinct voter limit of no more than 1,500 voters was applied. In most other areas across the county a per precinct voter limit of no more than 3,000 voters was applied.²

² Special consolidation procedures were executed in compliance with California Election Code (EC § 12241), which allows the elections official conducting in an election other than a direct primary, presidential primary, or general election to consolidate not more than six precincts into a single consolidated precinct.

Please note that all voters assigned to VBM precincts will automatically receive a Vote by Mail ballot, similar to a Permanent Vote by Mail voter. In addition, voters will receive a special notice informing them of the reason for receiving a vote by mail ballot (see attached).

Voters designated to a VBM Precinct may still drop-off their vote by mail ballot at any polling place. Those voters who wish to vote at the polls also have the option to cast a provisional ballot at any polling place within the county.

IMPORTANT ELECTION INFORMATION

Dean C. Logan
Registrar-Recorder/County Clerk

Dear Voter:

This notice is to advise you that all voters in your precinct **must vote by a Vote By Mail Ballot** in the **May 19, 2009 Special Statewide Consolidated Election**. There will be no polling place in your precinct. Your **Vote By Mail Guide** is enclosed in this packet. Separately, we will mail your complete **Official Sample Ballot Booklet** which is viewable online at www.lavote.net.

When voters must cast a ballot different from those in adjacent precincts because of legislative or special district boundaries, and, like your precinct, have 250 or fewer registered voters, State law authorizes elections officials to designate precincts for Vote By Mail voting.

A Vote By Mail ballot may be returned to the elections office by mail or delivered to any polling place in Los Angeles County on Election Day. **To be counted, your ballot must be received on Election Day by 8 p.m. at the Norwalk Office of the Registrar-Recorder/County Clerk or any polling place.**

If you have any questions about Vote By Mail voting please call (562) 466-1323. For addresses of polling places in your area, where you may drop off your voted ballot, please call (800) 481-8683.
