What is **Inka**Vote*plus*...?

InkaVote is an optical scan voting system.

Voters use a device, called a Vote Recorder, with an attached marker to fill in circles on a paper ballot. Voters view contests on pages of a booklet that is also attached to the device.

Instructions for using the Vote Recorder to mark a ballot are shown on the next page.
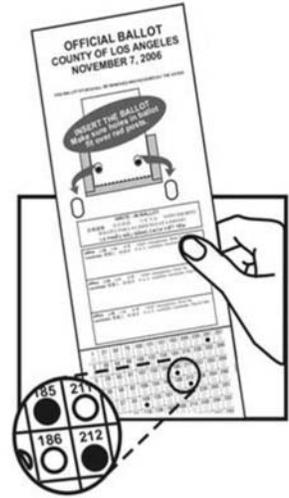

Why the *plus*?

InkaVote Plus is an enhancement to the InkaVote paper ballot voting system, which has been used in Los Angeles County elections since November 2003. The "Plus" consists of two additional parts:

A **Precinct Ballot Reader (PBR)** that sits on top of the Ballot Box. The PBR checks ballots for Overvotes (more selections than a contest allows) and completely Blank Ballots. It notifies voters of either error by printing a Ballot Alert Notification Slip, thus providing a second chance to correct the ballot.
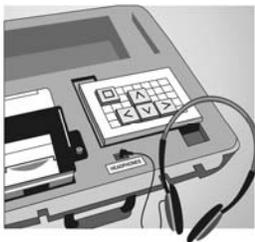

An **Audio Ballot Booth (ABB)** assists voters through use of a simple keypad and headset. The ABB should be offered to all voters and anyone may use it. However, in general, voters who are blind or visually impaired, and voters who request assistance in a language other than English will use the ABB.

Languages available through use of the ABB are: Chinese (both Mandarin and Cantonese), English, Hindi, Japanese, Khmer, Korean, Spanish, Tagalog/Filipino, Thai, and Vietnamese.

Also Available!

The Audio Ballot Booth (ABB) is available to all voters, but will most likely be used by:

A. *Voters who are blind or visually impaired; or*

B. *Voters who request assistance in a language other than English.*

Summary of Election Day Duties (for all Pollworkers)
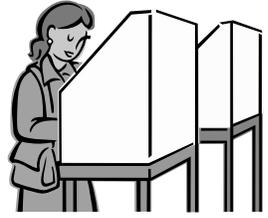

Inspectors: Inspectors are responsible for overall operation of their assigned Polling Place. They work together with other members of the Precinct Board to assist voters. Inspectors also resolve any issues inside the Polling Place and those that may arise with voters.

Inspectors' duties include:

▶ Working with Precinct Board to set-up Polling Place and be ready to open at 7:00 a.m.

▶ Assigning Clerk positions, including assigning one to him or herself. (Depending on the number of Pollworkers, some positions may need to be combined or shared.)

▶ Working with the Precinct Board to arrange breaks. It is recommended that each Pollworker receive a one-hour food break and two 15-minute breaks.

Note: *Two Pollworkers must be on duty at all times. All Pollworkers must be on duty during the first two hours (7:00 a.m. to 9:00 a.m.) and last two hours (6:00 p.m. to 8:00 p.m.).*

▶ Answering voter questions using available resources (*Election Guide & Checklist*, *What To Do If...* handbook, and Job Cards) to resolve any issues.

▶ Communicating with Coordinator and/or the Polls Section throughout Election Day.

▶ Closing Polling Place, packing-up, and delivering ballots and supplies to the Check-in-Center (CIC).

Note: **When taking supplies to CIC, the Inspector and a Clerk must travel together in same vehicle.**

Clerks: Clerks work with the Inspector and other members of the Precinct Board in order to set-up the Polling Place and assist voters. Generally, Clerks perform one of the different Clerk positions (described in Section 3). It is possible for Clerks to rotate positions throughout Election Day, at the discretion of the Inspector.

Clerks' duties include:

▶ Working with Precinct Board to set-up Polling Place and be ready to open at 7:00 a.m.

▶ Assuming the duties of one of the four Clerk positions. (Depending on the number of Pollworkers, some positions may need to be combined or shared.)

▶ Answering voter questions or referring voters to the Inspector, if further assistance is needed.

▶ Assisting with closing the Polling Place and packing-up ballots and supplies.

▶ Performing other necessary duties for a successful Election Day.

Preparing for Election Day

Visiting Polling Places Before Election Day (for all Pollworkers)

Drive by your assigned Polling Place prior to Election Day if you are unfamiliar with the location of the facility. This will avoid any problems locating it at 6:00 a.m. the morning of the election.

For Inspectors Only:

If you are able to get inside the location prior to Election Day, review the items listed below:

► Go inside to view the room only if it is a public building. **Do not go inside before Election Day if it is a private residence.**

► Introduce yourself to the person in charge of the location. Remind him or her you will arrive on Election Day at 6:00 a.m.

► **Never call a facility being used as a Polling Place. Contact the Polls Section to find out if it is possible to get a key.**

► Set-up early, if possible. Set-up **only** the voting booths, kiosk, table(s), and chairs.

> *<u>Important:</u> Do not leave the Precinct Ballot Reader (PBR), Audio Ballot Booth (ABB), Vote Recorders, ballots, Roster of Voters, or Street Indexes overnight at the Polling Place. Set-up these, plus any other necessary items, beginning at 6:00 a.m. on Election Day.*

Preparing for Election Day

Picking-Up and Checking Supplies (for Inspectors)

Inspectors will receive a notice with a date, time, and location for Inspector Supply Pick-Up (ISPU). Each Inspector should pick-up his or her supplies on the date and time listed on this notice.

▶ **Check supplies as soon as possible!** Use the checklist found in the Black Supply Tub to verify they are accurate and complete.

Note: *If it is after the date listed on the ISPU notice and you have not picked-up your supplies, please contact the Polls Section immediately.*

To check supplies, twist and break the plastic lock on the Black Supply Tub. Retrieve the checklist inside and follow the steps below.

When you answer "Yes" to each question check it off. If you answer "No" to any question, call 877-728-0235 for assistance.

☐ *Open the White Box and count the number of ballots. Does the number issued match the number printed on the label of the White Box?*

Enter that number on Line 1 of the Official Ballot Statement.

☐ *Find the checklist inside. Do you have all the supplies listed on your Black Supply Tub checklist?*

☐ *Find the precinct number listed on the Roster of Voters, Street Index copies, label of White Box, and the Red Box. Is the precinct number the same for each item?*

☐ *Find the serial number listed on the bottom of each ballot, Roster of Voters, Street Index copies, label of the Vote Recorder case, label of White Box, and the Red Box. Is the serial number the same for each item?*

☐ *Have you received a Ballot Header Card? The card is found inside the Green Stripe Envelope.*

☐ *Do the pages of the Sample Ballot match the pages of the Vote Recorders?*

Names and order of candidates should match.

Preparing for Election Day

Preparing the Roster of Voters and Street Index (for Inspectors)

Prior to the election, Inspectors may receive two packets by mail that may contain either of the following: blue **Supplemental Roster Page(s)** and/or lavender **Vote By Mail (VBM) Voter List**. *Before Election Day, do the following with the two items:*

Blue Supplemental Roster Page(s):

Lists all voters who registered to vote after the Roster of Voters was printed.

1. Remove the Roster from the Green Stripe Envelope (GSE).
2. Attach the page(s) to the inside back cover of Roster by removing adhesive strip(s).

Lavender VBM Voter List:

Lists voters who applied for Vote By Mail Ballots after the Roster of Voters was printed.

1. Remove the Roster from the Green Stripe Envelope (GSE).
2. Find the names of voters appearing on this list and print "VBM" in the signature column of the Roster.

▶ **Attach Alpha-Index Tabs for Roster and Street Index.**

Alpha-Index Tabs are found in the Green Stripe Envelope (GSE) and help with looking up voters' names and street names quickly. Attach to the edges of your Roster and Street Index pages.
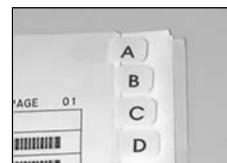

Sample of how Roster looks after you mark it:

LN #	STATUS	VOTER NAME	RESIDENCE ADDRESS	SIGNATURE
1	N	AGOZZINO JOSEPH	163 APACHE ST	VBM ISSUED
2	A	ALLEN BETTY	1117 MOHAWK ST	*VBM*
3	A	ALLEN LINDA A	126 PUEBLO ST	
4	I	AMIEL HENRI	562 ELECTRIC ST	

"VBM ISSUED" Already Printed:

The voter on Line 1 applied for a Vote By Mail Ballot before the Roster was printed.

Therefore, "VBM ISSUED" is pre-printed.

Voter on lavender Vote By Mail Voter List:

The voter on Line 2 appears on the lavender Vote By Mail Voter List.

Therefore, print "VBM" on the left side of the Signature Line for that voter.

(Repeat this process for all voters appearing on the list.)

Blank Line:

The voter on Line 3 did not apply for a Vote By Mail Ballot.

No further action is needed.

Foot Traffic and Safety Inside the Polling Place

Ensure a clear path of travel for all voters inside the Polling Place. The path should be free of hazardous conditions, including chairs, power cords, and other loose objects.

Keep in mind, voters needing a clear path of travel inside the Polling Place may include individuals using walkers, service animals, and wheelchairs.

The diagram on page 9 shows a dotted line indicating a logical voter flow. When setting-up the Polling Place, think about the simplest path when a voter:

1. Enters the room;
2. Arrives at the Official Table;
3. Uses a voting booth;
4. Arrives at Precinct Ballot Reader (PBR) and Ballot Box; and
5. Exits the room.
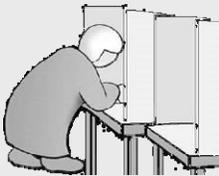

Use Polling Place direction signs, found in the Black Supply Tub, to assist voters with finding the Polling Place.

Post signs where appropriate.
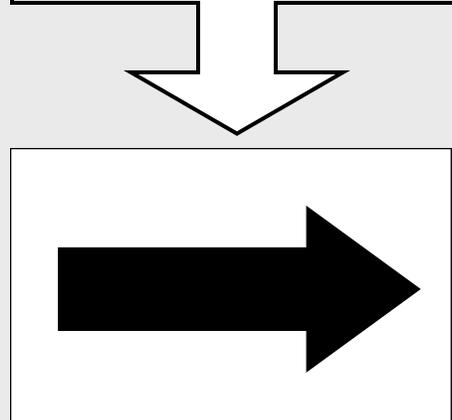

Privacy and Accessibility

▶ _Positioning the Precinct Ballot Reader (PBR) and Audio Ballot Booth (ABB):_

The ABB connects to the PBR through the ABB cable. Set-up both so they are easily accessible by all voters. The Ballot Reader Slot should face voters as they approach the PBR.

Position the ABB for maximum privacy and so it is available for **any** voter to use. **All voters should be offered the ABB.**

▶ _Voters with Disabilities Booth:_

Place the Voters with Disabilities Booth near the Official Table and Ballot Box. Provide a chair to any voter who needs to be seated while using the booth. The leg extensions attach so the front legs extend to each side.

▶ _Voting Booths:_

Arrange all voting booths to allow for as much privacy as possible.
Place the voting booths away from the Official Table and kiosk, so voters arriving and reading signs do not disturb individuals in the booths.

Setting-Up the Polling Place

Signs Outside the Polling Place

Use the checklist and instructions below for placing signs outside the Polling Place:

☐ Multilingual "Voter Bill of Rights" Signs, one for each official language

☐ Polling Place "Vote Here" Sign

☐ Two "No Electioneering" Signs

☐ American Flag, placed with stars on your left

Posting Signs Outside the Polling Place:		
Post at the entrance to the room where voting is taking place: ● **Street Index** ● **Multilingual "Voter Bill of Rights" Signs**	*Post the Polling Place "Vote Here" Sign <u>immediately</u> outside entrance of Polling Place*	*Post the American Flag so it is visible to arriving voters.* *Post "No Electioneering" Signs in two different directions, 100 feet from the entrance of the Polling Place.*

Setting-Up the Polling Place

Signs Outside the Polling Place: Curbside Voting Sign

Curbside Voting allows voters who are unable to go inside the Polling Place to vote from their vehicle. The Curbside Voting Sign lists the Inspector's County-issued cell phone number, so voters arriving at the Polling Place may request assistance without having to go inside.

Set-up the Curbside Voting Sign so it is visible from the street to all arriving voters. A wire stake, found in the Black Supply Tub, should be attached so the sign can be easily placed in grass or dirt. If there is no grass, dirt, or similar area to place the sign, it may be affixed to a wall or similar surface outside the Polling Place.

(For information on providing Curbside Voting, see page 38.)
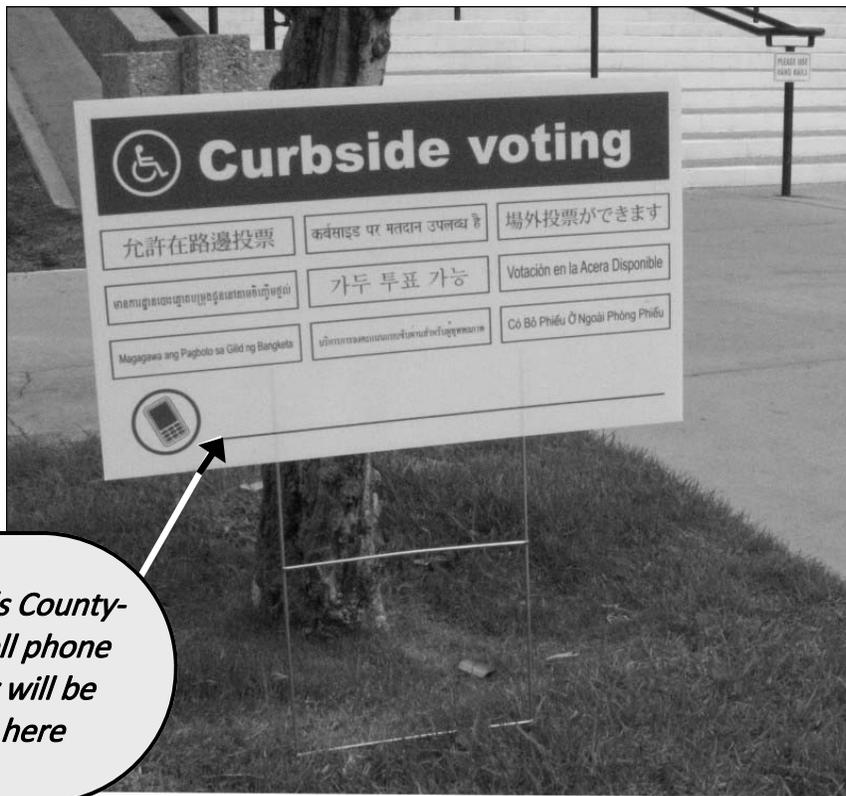

Inspector's County-issued cell phone number will be listed here

Assembling the Curbside Voting Sign: Insert the wire stake into the perforations on the bottom of the sign.

Proper Conduct at the Polling Place

Diversity Awareness:

It is the responsibility of all Pollworkers to operate their Polling Place in a courteous, fair, and non-partisan manner. Pollworkers should refrain from discussing:

- ► Candidates or issues on the ballot.

- ► Topics related to the ethnicity, culture, religion, and gender of a Pollworker, voter, or any other person at the Polling Place.

- ► Any disability that a voter may have (unless it's necessary to discuss the disability in order to provide assistance).

It is important to respect all individuals visiting the Polling Place — whether inside or outside. Please be diplomatic and patient with all voters. Overall, avoiding the above topics of discussion will prevent conversations from being taken out of context or being misconstrued.

Sexual Harassment:

Please be respectful of other individuals' personal space. This includes all Pollworkers' and voters' personal space. Refrain from any inappropriate physical contact or similar actions.

It is important to remember that Polling Places are considered LA County facilities for the day, and serving as a Pollworker should be treated with utmost professionalism. All Pollworkers are representatives of the Los Angeles County Registrar-Recorder/County Clerk.

Assisting Voters

Providing Assistance to Voters with Specific Needs

When interacting with voters, proactively look for individuals who may need assistance, such as Voters with Specific Needs. The list below offers some tips and items each Clerk position should be familiar with in order to better assist voters.
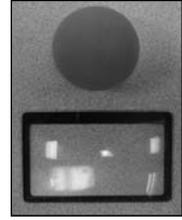

If a Pollworker or another person at the Polling Place assists a voter inside the voting booth, refer to the next page.

<u>Remember</u>: Disabilities can be either **hidden** (not apparent until the voter interacts with a Pollworker) or **visible**.

Page 84, *Appendix D: Working with Voters with Specific Needs*, provides additional information.

► *Roster Clerk*

- **Wait, recognize,** and **listen**. Use patience and pay attention to voters to determine what assistance may be necessary.

- Have a pen and piece of paper handy to communicate by writing, if needed.

- Communicate with other Board Members. Generally, the Roster Clerk is the first person to interact with voters. Inform other Pollworkers should a voter need specific assistance.

► *Ballot Clerk*

- ## Offer the Audio Ballot Booth (ABB) to all voters.

- Place the **dexterity ball** and **magnifier** on the Official Table. Offer the dexterity ball to voters who have trouble gripping the Vote Recorder marker and the magnifier to voters who have trouble reading small print.

- Offer the Voters with Disabilities Booth to voters in wheelchairs or individuals who may need to sit while voting.

► *Ballot Box Clerk*

- Be ready to assist voters who would like to use the Audio Ballot Booth (ABB). Help with affixing headsets, if necessary.

- Use the Multilingual Audio Ballot Point To Card to assist an ABB voter with selecting language, if needed.
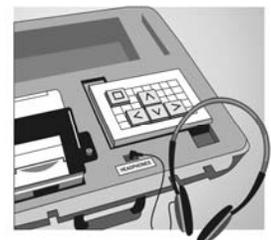

Assisting Voters

Providing Assistance to Voters Inside the Voting Booth

Any voter may ask for assistance inside the voting booth. Voters who request assistance and would like to vote independently in the voting booth should be directed to the Audio Ballot Booth (ABB).
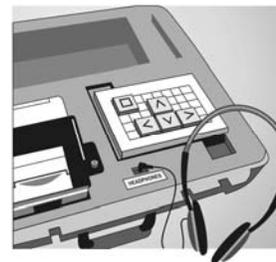

Before a voter receives assistance inside the voting booth, he or she must declare, under oath, that he or she is unable to mark the ballot. (Assisting voters oath is found on page 3 of the Roster.)

Who can assist: A voter who receives assistance in the voting booth may choose one or two people (including minors and Pollworkers).

The person assisting the voter:

► Does not have to be a registered voter,

► Shall not be the voter's employer or an agent of the voter's employer,

► Shall not be an officer or agent of the union to which the voter is a member, and

► Shall not divulge any information regarding the marking of the ballot.

What to fill out when providing assistance in the voting booth: The Assisted Voter's List, on page 3 in the Roster of Voters, must be completed as follows:

► **Column 1:** Pollworker records name of voter being assisted in the voting booth.

► **Column 2:** Pollworker enters reason the voter is asking for assistance in the booth.

► **Column 3:** Person assisting signs.

► **Column 4:** Second person assisting signs (if any).

The assisted voter still signs the Roster of Voters (or the Provisional Envelope if voting provisionally).

Materials, such as Sample Ballots, are printed in Chinese, English, Hindi, Japanese, Khmer, Korean, Spanish, Tagalog/Filipino, Thai, and Vietnamese. Voters may also use the ABB in order to hear their ballot read in any of the above mandated languages.

In addition, at specific Polling Places, spoken language assistance in Bengali and Gujarati is also now available.

Assisting Voters

Completing the Assisted Voters Tally Card

- Voters who arrived in a wheelchair.

- Voters who are blind, visually impaired, or hearing impaired.

- Voters who requested an Audio Ballot through use of the Audio Ballot Booth.

- Voters who received Pollworker assistance in the voting booth.

When packing-up, place the Assisted Voters Tally Card back inside the Multilingual Supply Kit.

When providing Curbside Voting, follow the steps below:

1. Find voter's name in the Roster or blue Supplemental Roster Page. (If the Curbside Voter is not in the Roster, he or she must vote provisionally.)

2. Follow instructions found inside the Voters with Disabilities (VWD) supply envelope. Complete the Certification of VWD Card inside envelope. *Be sure to take a pen outside!*

3. Take the following election materials, in addition to the Certification of VWD Card, out to the Curbside Voter:

4. Offer demonstration using the **yellow Demonstration/Emergency Ballot and Vote Recorder**.

5. Once Curbside Voter has finished marking ballot, instruct him or her to fold-over Write-In Portion for privacy. Pollworker should ask voter to wait outside, then return to Polling Place to insert ballot into PBR:

   a. Insert voter's ballot face-down.

   b. Mark **VWD** in the signature column of the Roster.

   <u>Note</u>: *The VWD notation in the Roster represents a signature for purposes of counting during closing.*

   c. Place the signed Certification of VWD Card in the Green Stripe Envelope (GSE).

6. Do one of the following:

   - **If ballot is accepted:** Return to voter with "I Voted" sticker and Voter Stub/Receipt.

   - **If ballot is returned:** A Ballot Alert Notification Slip should print. Return to the Curbside Voter so he or she may correct ballot. (This may require voiding ballot and issuing a new one.)

> *The Curbside Voting Sign provides the Inspector's cell phone number for voters who require assistance outside the Polling Place.*

Ballot Box Clerk Duties — Ballot Alerts

If a Ballot Alert screen message appears, a voter has either an **Overvote** or **Blank Ballot**. A Ballot Alert Notification Slip will print informing the voter of the error. See below for an explanation:

▶ *Overvotes:* The voter has made more selections for a contest than he or she is allowed. (For example, a voter is allowed one selection, but marks two or more.) An Overvoted contest will not count, but all other contests on the ballot that are correctly voted will count.

- **How to correct:** Instruct voter to return to the Ballot Clerk to receive a new ballot.

Note: *Ballot Clerk should void Overvoted ballot. (See page 7 in the* What To Do If... *handbook for voiding and issuing ballots.)*

Ballot Alert Notification Slip indicates which contest was Overvoted.
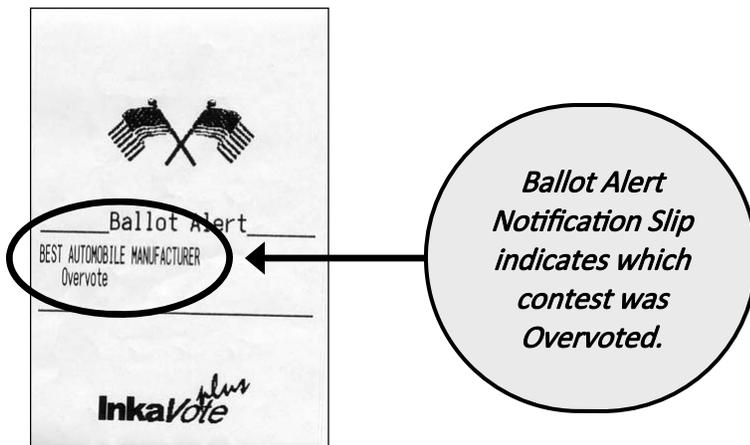

▶ *Blank Ballots:* The voter has not made any marks on his or her ballot. (To avoid a Blank Ballot, voter must vote for at least one contest.) This will appear on the Ballot Alert Notification Slip as "No Selection."

- **How to correct:** Instruct voter to return to voting booth to properly mark ballot.

Ballot Alert Notification Slip indicates the ballot is blank because no selections were marked.

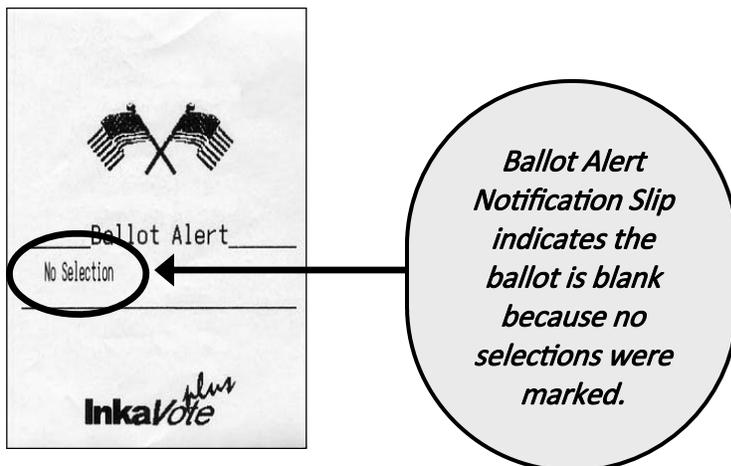

Assisting Voters

Provisional Voters
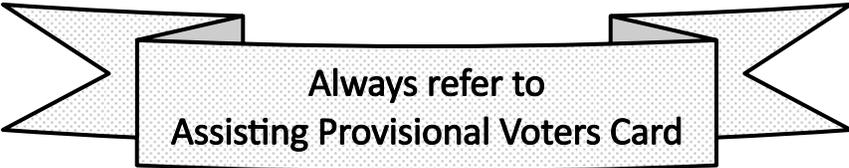

What is Provisional Voting? As described by the CA Secretary of State, Provisional Voting ensures that no properly registered voter is denied his or her right to cast a ballot if that voter's name is not on the Roster of Voters due to clerical, processing, computer, or other error.

Also, it allows the Registrar-Recorder/County Clerk (RR/CC) the ability to verify that no voter votes twice, either intentionally or inadvertently, in a given election.

Are all Provisional Ballots Counted? Yes. As long as a voter is registered to vote and has not yet voted in the election, his or her Provisional Ballot will be counted.

Different Provisional Voter situations, and direction for each, are listed below. The steps for assisting Provisional Voters continue on the next two pages.

Voter's name not in Roster or blue Supplemental Page(s):	*Vote By Mail (VBM) voter with no ballot to surrender:*	*New voter with no identification (ID):*
▶ **First**, check the Polling Place map to see if voter is at the correct location. **Voter's address inside precinct's boundaries:** ▶ Assist voter so he or she may vote provisionally. (Follow steps listed on the next two pages.) **Voter's address <u>not</u> inside precinct's boundaries:** ▶ Suggest voter go to his or her assigned Polling Place. ▶ If voter does not want to go to assigned Polling Place, assist him or her with Provisional Voting. (Follow steps listed on the next two pages.) ▶ For assistance locating correct Polling Place, contact the RR/CC or go to *www.lavote.net*.	▶ A voter who requested to Vote By Mail will be noted either by "VBM Issued" printed on the signature line of the Roster or will appear on the lavender Vote By Mail Voter List. ▶ If voter does not have VBM ballot to surrender, assist him or her with voting provisionally. (Follow steps listed on the next two pages.) ▶ Voter does not sign in the Roster. He or she will **only** sign the Provisional Envelope.	▶ **<u>Only</u>** voters with "N" in the status column of the Roster will be asked for ID. (See Appendix E — page 85 for acceptable forms of ID.) ▶ Examples of ID are: • Driver's License • Military ID Card • Student ID Card • Utility Bill ▶ If New voter does not have ID, assist him or her with voting provisionally. (Follow steps listed on the next two pages.)

Assisting Voters

Provisional Voters (continued...)

Follow the steps below and on the next page for assisting Provisional Voters:

(1) Complete envelope, then give to Ballot Box Clerk. Pollworker completes left side; voter completes right.

> **Note:** *When completing left side, use new label for precinct/serial numbers.*

(2) **New Step:** Remove pink precinct/serial number label from sheet, found in Green Stripe Envelope, and affix to left side of Provisional Envelope where indicated.

> **Note:** *If time permits, you may label several envelopes in advance.*
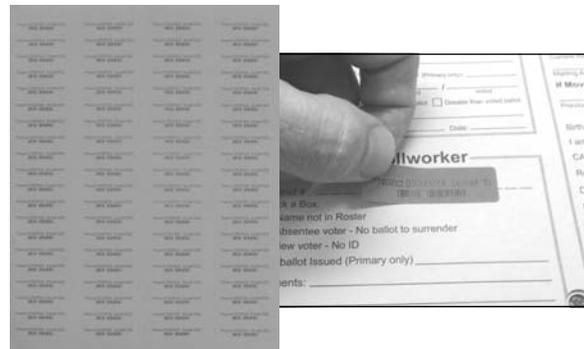

(3) Print voter's name in the Provisional List.
> **Note:** *Voter does not sign this list.*

(4) Direct voter to Ballot Clerk. Issue voter a ballot, Provisional Receipt & Telephone Referral Card, and Provisional Sleeve.

Instruct voter to fold-over ballot and place in sleeve after marking. Then, go to Ballot Box Clerk.
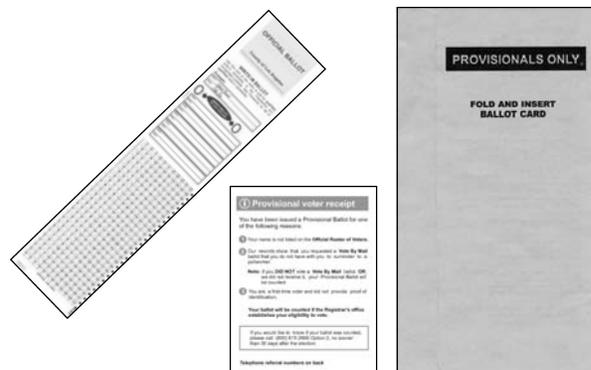

> *Instruct voter to fold-over ballot and place inside the Provisional Sleeve after he or she has finished marking ballot.*

Assisting Voters

Note: If there are multiple Provisional Envelopes, ask voter's name to ensure that his or her ballot is placed in the correct envelope.
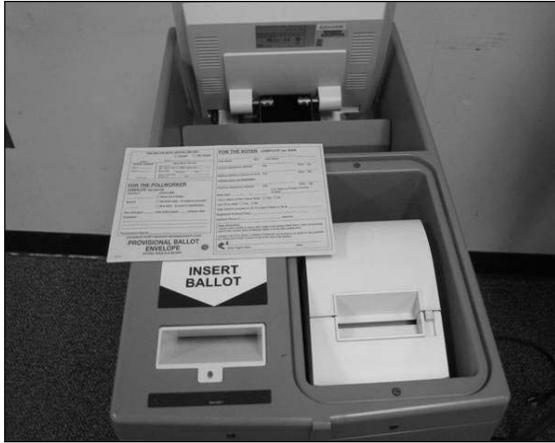

6 Leave ballot inside Provisional Sleeve; remove Voter Stub/Receipt and give to voter.

Important Reminder:

Provisional Voters' ballots are never inserted into the PBR.

Remove Voter Stub/ Receipt

7 Insert Provisional Sleeve containing ballot into completed Provisional Envelope. Seal envelope.
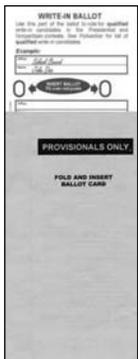

8 Insert sealed Provisional Envelope into slot on Ballot Box. Give voter "I Voted" sticker.

Then, check-off the number on the green Voter Turnout Tally Sheet.

Line Monitor

> **When and why is the Line Monitor necessary:**
>
> *The Line Monitor is a discretionary Precinct Board position on Election Day, and only operates when a substantial line of voters has formed. Therefore, this position is only in effect as needed.*
>
> *The purpose of the Line Monitor is to assist and prepare voters prior to their arriving at the Official Table. In doing so, this creates a more organized Polling Place. The Line Monitor duties are performed under these conditions:*
>
> 1. *A significant line of voters has formed.*
>
> 2. *Most of the voting booths are currently occupied.*

Follow the steps below when a line has formed at your Polling Place:

1. Greet voters and thank them for their patience while waiting in line.

2. Instruct voters waiting in line to review their Sample Ballots.

3. Allow a voter to use a Sample Ballot issued to the Polling Place, if he or she does not have his or her copy.

   Important Note: *Remind voter not to write in Sample Ballot issued to Polling Place. Any Sample Ballots which are marked or written-in should be placed in the White Box.*

4. Inform voters in line that the Audio Ballot Booth (ABB) is available to all voters.

5. Offer demonstration to voters waiting in line using practice Vote Recorder and yellow Demonstration/Emergency Ballots.

6. Inform voters, prior to entering voting booths, since there is a line to try to limit time in booth to ten (10) minutes. Voters may request more than ten (10) minutes, if needed. **Never approach voters at voting booths, unless requested by the voter.**

Stipend Card — A form found on the back of Pollworkers' Appointment Notice that must be completed and given to Inspector on Election Day. This item allows Pollworkers' stipends to be processed and awarded in a timely manner. Blank replacement Stipend Cards are found in each precinct's Paper Supply Kit should any Pollworker lose or forget their Appointment Notice on Election Day.

Street Index — A large booklet that contains a listing of all voters registered to vote at a precinct in address order. Additionally, the cover lists the streets and number range of all streets within the precinct.

Test Audio Ballot — A blank Audio Ballot that prints from the ABB Printer during set-up and indicates that the ABB is properly connected.

Voided Ballot — A ballot that has been voted incorrectly or returned, for any reason, by a voter (including when a voter has Overvoted his or her ballot and requests a new one). Voided Ballots are placed in the White Box and identified with "Void" written on the front. Voters may be issued up to three ballots.

VBM — Abbreviation for Vote By Mail.

"VBM Issued" (notation in Roster) — This notation is printed in the signature line of the Roster of Voters to identify voters who requested to Vote By Mail.

Vote By Mail (VBM) — The method of voting for voters who request to receive their ballot by mail, and then return either by mail or by dropping off at a Polling Place on Election Day.

Vote By Mail (VBM) Voter — A voter who votes with a Vote By Mail Ballot.

Vote By Mail (VBM) Ballot Envelope — A lavender envelope used to return a Vote By Mail Ballot. All VBM Voters are issued a pre-printed envelope. In the event a voter loses his or her VBM Envelope, he or she may receive a replacement envelope at any Polling Place. Voters must sign the VBM Envelope when returning ballot by mail or dropping off at any Polling Place. If a replacement envelope is used, VBM Voters must print name and address, in addition to signing.

Vote Recorder — The device used in this election that uses an attached ink marker to fill in circles on a paper ballot. Voters view contests on pages of a booklet that is also attached to the device.

Voter Stub/Receipt — The top part of the ballot. This stub/receipt is removed by the Ballot Box Clerk prior to a voter inserting his or her ballot into the PBR. This stub/receipt is also removed prior to sealing a voter's ballot inside a Provisional Envelope. Voters keep the Voter Stub/Receipt.

Voters with Specific Needs — The term used to describe voters who have disabilities and may require additional assistance. Formerly called Voters with Disabilities.

VWD — Abbreviation for Voters with Disabilities. VWD is also marked in the Roster in place of a signature for Curbside Voters.

White Box — Stores Voided Ballots, Unused Ballots, Ballot Alert Notification Slips, and other discarded election materials. This box is sealed at the very beginning of closing (before opening the Ballot Box) and packed into the Black Supply Tub.

White Box Seal — The seal used to secure the White Box after all Voided Ballots and other appropriate items have been packed inside.

Write-In Portion — The part of the ballot between the Voter Stub/Receipt and the circles. Voters wishing to enter a Write-In Vote would do so here.

Write-In Vote — A vote for a candidate that is written in by the voter because that candidate does not appear on the pages of the Vote Recorder. Write-In Votes are entered on the Write-In Portion of the ballot.

Zero Report — A report generated by the PBR after the Ballot Header Card is inserted. It should show all zeros which means the PBR has not been previously used for that election.

"VBM Issued" (notation in Roster) to Zero Report

Appendix D:

Working with Voters with Specific Needs

- **Use common sense.** Remember, a voter is a person first, the disability comes second.

- **Avoid being patronizing.** Show the voter the same courtesy and respect you expect to receive from others.

- **Be considerate and patient.** Try to anticipate what the voter's needs might be, offering assistance if needed. Be patient if he or she needs more time to communicate or accomplish a task.

- **Communicate with the voter.** Some Voters with Specific Needs may have an assistant or companion with them. Look at and speak directly to him or her, rather than the assistant.

- **Post signs.** This will assist Voters with Specific Needs to find the most accessible way to get to the room where the voting is being held.

Working with voters who are blind or visually impaired:	*Working with voters with speech / hearing impairments:*	*Working with voters with limited mobility:*
- **Identify yourself as a Pollworker.** Do this as soon as you come in contact with the voter. Offer your arm, rather than taking the voter's arm when assisting. Help the voter avoid obstacles in the path of travel by being specific when giving verbal directions. - **If the voter has a service animal, walk on the opposite side of the voter, away from the service animal.** Do not pet or interact with the service animal without owner's permission. - **Describe what you are doing as you do it.** If walking away from a person who is blind or visually impaired, let him or her know.	- **Allow a voter who cannot speak to write his or her name and address or provide identification.** A Pollworker should read the name and address out loud. - **Follow the voter's cues.** This will help to determine whether speaking, gestures, or writing is the most effective method of communication. - **If speaking, speak calmly, slowly, and directly to the voter.** Do not shout. Your facial expressions, gestures, and body movements help in understanding. Face the voter at all times. - **Rephrase, rather than repeat, sentences that the voter does not understand.**	- **Do not push or touch a voter's wheelchair without his or her consent.** People using adaptive equipment often consider the equipment as part of their personal space. - **Ask before helping.** Grabbing a voter's elbow may throw the person off balance. A person with mobility impairments might lean on a door while opening it. Quickly opening the door may cause the person to fall. - **Secure mats, rugs, and cords to floor or move them out of the way.** This will help prevent tripping. - **Keep floors dry.** - **Keep ramps and wheelchair accessible doors unlocked and free of clutter.**
